

Nano-Composite Bootcamp

January 17, 2008 or April 17, 2008

Dr. Phillip S. Wilson

President of Inspired Innovations, LLC and former Chief Technologist for Magna International. Dr. Wilson is an award-winning inventor with 11 issued and several pending patents related to Nano-Composites. He has assisted numerous clients in developing new material systems, manufacturing processes and new products. (www.inspiredinnovations.org)

Speaker

Thursday - January 17, 2008

Thursday - January 17, 2008

9:00 a.m. - 4:00 p.m.

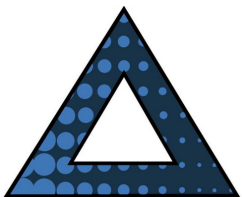

**\$300.00 per person
(\$250.00 for NCC members)**

Event Information

Fundamentals of Nano-Composites:

- How and why the technology works.
- Unique combinations of properties achieved (modulus with impact, isotropic reinforced properties, etc.).
- Drastically reduced processing and systems costs. Lower cost, alternative processes for making reinforced plastic products.
- Numerous applications will be discussed to demonstrate how to solve problems and open new markets with Nano-Composites.
- Replace engineering resins with nano-polyolefins.

Use Nano to Grab New Business and Drive Profits!
